Helpful Tips When Using SurveyMonkey

- It is **strongly recommended** that you review the **written funding announcement and PDF version of the SurveyMonkey initial request form** and prepare all of your application's text in advance (in Microsoft Word or some similar software) prior to filling out the SurveyMonkey form. While easy to navigate, SurveyMonkey can 'time out' at times due to long pauses, and you may lose some work in the process. PCCD recommends preparing all documents in advance and then filling the SurveyMonkey form out in one sitting.
- The SurveyMonkey initial request form is formatted to only accept one survey per IP, or per computer/device. If seeking to submit multiple applications, applicants can try to utilize different web browsers (e.g., Google Chrome, Mozilla Fox, Opera, Safari, Microsoft Edge, etc.) or deleting the browsers' cookies. If those options do not work, you may need to utilize another computer/device to create and submit another application.
- If you run into any complications using SurveyMonkey, please email RA-CD-NPSEC-Grant@pa.gov.

After reading the funding announcement, you still have questions...? First, check the current list of Questions and Answers (i.e., additional clarifications on the funding announcements, based on questions submitted from all applicants), which is located on this [site](#). The Q&As are updated on a routine basis, and it's possible someone has already asked your question and the answer is already there.

If you don't see a Q&A that corresponds to your question, please email RA-CD-NPSEC-Grant@pa.gov and put the title of the funding announcement in the subject line.
